All-Pro Transportation

Letter From The President

We are available **24/7**

Dear Friends,

I hope you had a great summer; it sure went by fast! Our staff at All-Pro Transportation is continually looking for ways to improve our customer service which we feel is one of our many strong suits.

As a service company, we realize that things beyond our control do happen. The key is how well we deal with the situation by keeping you informed and quickly fixing the problem as well. We promise to

always do our best and 99% of the time we accomplish this goal by following through and backing exactly what we say we're going to do.

Please know that you can always contact us with any thoughts/suggestions and your specific needs. We are here to serve you in the best way we know how. We have a great staff here at All-Pro to make that happen. We feel very strongly that our success will continue and that

our commitment to all of our customers will continue as well. Our goal is to always be the best customer service oriented air freight company in the industry and we thank you for making that happen! Have a safe and happy holiday season!
